OBJECTIVE

A proficient Full Stack Developer with a passion for crafting efficient and scalable solutions across the entire software development lifecycle. Dedicated to leveraging expertise in both frontend and backend technologies to deliver high-quality, user-centric applications. Seeking opportunities to contribute innovative ideas and collaborate within dynamic teams to drive technological advancement and achieve business objectives.

EDUCATION

Code Institute | United Kingdom

03/2024 - PRESENT

At Code Institute in the United Kingdom, I underwent rigorous training in full-stack web development, acquiring a comprehensive skill set in both frontend and backend technologies. Through hands-on projects and immersive learning experiences, I gained proficiency in languages such as HTML, CSS, JavaScript, Python, and frameworks like Django and Flask.

Newcastle College | Level 5 Diploma Web Application Development

06/2008 – 06/2011

At Newcastle College, I pursued a Level 5 Diploma in Web Application Development, where I delved into advanced concepts and practices essential for building dynamic and responsive web applications. Throughout the program, I gained proficiency in frontend technologies such as HTML, CSS, and JavaScript, mastering their application in creating engaging user interfaces.

EXPERIENCE

Full Stack Developer | Letchworth Bramble Logistics

06/2011 - PRESENT

As a Full Stack Developer at Letchworth Bramble Logistics, I spearheaded the design, development, and maintenance of robust web applications, proficiently navigating both frontend and backend technologies to optimize system performance and enhance user experience.

Marketing Manager | O.C. Panther LLC, USA

06/2008 – 06/2011

As the Marketing Manager at O.C. Panther LLC in the USA, I orchestrated comprehensive marketing strategies, leveraging market research and consumer insights to drive brand awareness and increase customer engagement. Additionally, I oversaw the implementation of digital marketing campaigns, managed social media channels, and fostered partnerships to maximize brand visibility and achieve strategic business objectives.

SKILLS

- HTML/HTML5
- CSS/CSS3
- Django/Python
- JavaScript
- jQuery
- SQL/NoSQL

ACTIVITIES

In my free time, I am passionate about giving back to the community and engaging in meaningful activities. I have volunteered with local organizations, such as Habitat for Humanity and the Red Cross, where I contributed to community development projects and disaster relief efforts. Additionally, I have taken on leadership roles in various clubs and societies, including serving as the president of a coding club at my university, where I organised workshops and events to foster a collaborative learning environment. I am also committed to continuous learning and professional development, holding certifications in web development technologies like AWS Certified Developer and Google Analytics Individual Qualification. Furthermore, I enjoy writing about tech-related topics and have contributed articles to online platforms and tech blogs. Overall, I strive to make a positive impact through my involvement in both professional and philanthropic endeavors.
